

## Limited Lifetime Warranty

At Icon Roofing, we strive to provide our customers with the best quality workmanship and materials. To ensure that our warranty is aligned with the expected lifespan of the materials used, we offer a Limited Lifetime Workmanship Warranty that goes as long as the associated material manufacturer warranty.

This means that if any problems arise due to workmanship defects, Icon Roofing will provide labor for repairs as long as the material manufacturer warranty is in effect, with a limit of 50 years, which is the expected material lifespan. To ensure that your warranty remains valid, all repairs must be completed by Icon Roofing, and you must notify us within seven days of discovering the issue.

Please note that this warranty is non-transferable and does not cover roof or structural damage caused by normal wear and tear, including but not limited to ice damage, hailstorms, foreign objects, and wind gusts exceeding published product specifications. Additionally, it does not cover fungus, bacteria, infestation, UV degradation, rust, or corrosion resulting in metal or wood decay.

We hope this warranty gives you peace of mind in your investment with us. We stand behind all of our work and are committed to ensuring your service satisfaction. Please note that this warranty is in lieu of all express or implied warranties of merchantability and fitness for a particular purpose and is limited to the duration of the associated material manufacturer warranty.
